# SPEAKERS

## OLE MARTIN MOE

is a Norwegian attorney (advokat) specialising in data protection and technology law. He is a former senior legal advisor at Datatilsynet (the Norwegian Data Protection Authority), where he participated in the regulatory sandbox on artificial intelligence. He holds dual Master of Laws degrees, one from the University of Oslo and an LL.M in ICT law from the Norwegian Research Center for Computers and Law (NRCCL). Ole Martin advises clients across the private and public sector, NGOs, and the sports and entertainment industry on data protection, AI, employment law, IT procurement, and whistleblowing. His related practice areas include contract law, marketing law, e-commerce, and telecommunications. He has litigated the GDPR in Norwegian courts, represented clients before Datatilsynet and Personvernemnda (the Privacy Appeals Board), and serves as DPO for several businesses. He is a member of the Norwegian Bar Association's ICT and Data Protection Law Committee, a deputy board member of the Norwegian Association of Data Protection Officers (Personvernombudene).

## LOTHAR DETERMANN

practices and teaches international data privacy, technology, commercial and intellectual property law. At Baker McKenzie in San Francisco and Palo Alto, he has been counseling companies since 1998 on data privacy law compliance and taking products and business models international. Admitted to practice in California and Germany, he has been recognized as one of the top 10 Copyright Attorneys and Top 25 Intellectual Property Attorneys in California by the San Francisco & Los Angeles Daily Journal and as a leading lawyer by Chambers, Legal 500, Thompson Reuters, IAM and others. For more information see [www.bakermckenzie.com](http://www.bakermckenzie.com). Contact: [ldetermann@bakermckenzie.com](mailto:ldetermann@bakermckenzie.com). Prof. Dr. Determann has been a member of the Association of German Public Law Professors since 1999 and teaches Data Privacy Law, Computer Law, AI Regulation and E-commerce Law at Freie Universität Berlin (since 1994), University of California, Berkeley School of Law (since 2004) and UC Law SF (since 2010), Stanford Law School (2011) and University of San Francisco School of Law (2000-2005). He has authored more than 175 articles and treatise contributions, including Healthy Data Protection, Electronic Form over Substance and No One Owns Data, as well as 6 books, including Determann's Field Guide to Data Privacy Law (6th Edition, 2025, also available in Arabic, Chinese, French, German, Greek, Hungarian, Italian, Japanese, Korean, Portuguese, Russian, Spanish, Turkish and Vietnamese), California Privacy Law – Practical Guide and Commentary on U.S. Federal and California Law (6th Ed. 2026) and Determann's Field Guide to Artificial Intelligence Law (2024, also available in Chinese, French, German, Korean, Spanish and Turkish).

---

## DR H.C. MARIT HANSEN

a partner at Norton Rose Fulbright LLP, is technology lawyer based in Frankfurt. He focuses on information technology, outsourcing and data protection law. Christoph advises clients across a variety of sectors, ranging from start-ups to German DAX 30 groups and US companies. Alongside his focus on financial institutions and the technology sector, he has special expertise in advising the pharmaceutical sector, especially when it comes to handling patient data. Christoph studied law and business at the University of Bayreuth. He then worked as scientific assistant at the University of Würzburg in EU law, where he also earned his doctorate in law. Prior to joining Norton Rose Fulbright LLP, Christoph worked for several years in the Technology, Media and Telecommunications department of another leading international law firm in Frankfurt. He regularly publishes essays in professional journals and speaks on legal and industry events. He is author of the data protection chapter in "Recent Compliance" („Compliance aktuell", published by C.F. Müller). He regularly contributes to the practice's data protection blog, [DataProtectionReport.com](http://DataProtectionReport.com).

---

## PIERRE-YVES LASTIC

is Secretary General of the European Federation of Data Protection Officers (EFDPO). Pierre-Yves has nearly 30 years of experience in the pharmaceutical industry in several management functions including Data Management, Statistics, Clinical Trials Management, Electronic Regulatory Submissions, Information Management and 17 years in Privacy and Personal Data Protection. From 2005 on he was Sanofi's R&D Privacy Officer and in 2013 he became Sanofi's first Chief Privacy Officer and built-up Sanofi's Global Privacy Office. Beside his function within Sanofi, he was a member of the Board of Directors of the Clinical Data Interchange Standards Consortium (CDISC) from 2004 to 2016, and Chairman of the Board in 2014-2015. As a data standards and privacy expert, was a member of the EudraVigilance Expert Working Group as well as the Telematics Implementation Group of the European Medicines Agency (EMA). From 2005 to 2019 Dr Lastic was also a member of the Board of Directors of the International Pharmaceutical & Medical devices Privacy Consortium (IPMPC). Pierre-Yves studied Biology, Languages and Computer Sciences in France and Germany, and holds a PhD in Biology from Bayreuth University.

---

## VICTORIA DERUMIER

is a certified Data Protection Officer (DPO) and serves as Entity Director at MyData-TRUST. With a solid background in European policy and regulatory affairs, she brings extensive expertise in data protection and governance. Her experience within EU institutions and her sharp understanding of compliance challenges across jurisdictions enable her to effectively guide strategic decisions and ensure alignment with evolving regulatory requirements. Victoria's leadership and policy expertise make her a key figure in supporting global health data initiatives and fostering a culture of data protection by design.

# CONFERENCE VENUE

## Leonardo Royal Hotel Berlin Alexanderplatz

Otto-Braun-Straße 90  
10249 Berlin

The registration fees are quoted excludes of VAT. Prices include working documents, certificate of attendance, lunch/snack and beverages as well as the gala dinner on May 5, 2026.

Cancellations must be made in writing. Cancellation is possible free of charge up to 21 days before the start of the event. In the event of a cancellation received less than 21 days before the start of the event and in the event of non-participation, the full event price will be due. A substitute can be named without incurring additional costs.

The congress organizer BvD reserves the right to cancel open events if the number of participants is too low and to offer alternative dates if possible. Participants will be

# REGISTRATION

## REGISTRATION FEES

- + € 595 for members of EFDPO national member associations
- + € 795 regular price

informed immediately of any changes in this regard. In this case, the participation fee already paid will be refunded. Content and schedule of the event as well as the assignment of the trainers can be changed while maintaining the overall character of the event. This does not entitle the participants to withdraw from the contract or to a reduction of the invoice amount.

In the event of cancellation of the event force majeure or other unforeseeable events, there is no claim to the implementation of the event. This also applies to the claim for compensation of travel and accommodation costs as well as loss of work. There is also no liability for indirect damages, especially loss of profit or claims of third parties.
